

Architect – Glass & Facades LLC
Position: Junior Façade Engineer

Location: Dali, Nicosia, Cyprus

Glass & Facades LLC is one of the leading façade engineering consultancies in Cyprus. If you want to be involved in the most high-profile and interesting projects in Cyprus and Greece, this is the right place for you.

We are looking for a Facade Engineer / Architect to join our team. This is an excellent opportunity to gain hands-on experience, collaborate with industry experts, and grow within a dynamic and innovative environment.

Requirements

- A degree in Architecture, Engineering, Interior Design, Mechanical Engineering, or a related field
- 0-3 Years of experience in construction/architecture industry
- Excellent knowledge of AutoCAD (knowledge of Rhino, Revit, or other 3D modeling software is a plus).
- Strong attention to detail and technical understanding
- A professional and team-oriented attitude
- Eagerness to learn and grow within the field of facade engineering and design

Role & Responsibilities

- Prepare 2D façade drawings using AutoCAD
- Develop façade design reports and presentations
- Attend workshops and project meetings

What We Offer

- The opportunity to work on prestigious projects across Cyprus and Greece
- A competitive remuneration based on qualifications, experience, and skills 13th salary
- A supportive and experienced team to help you develop professionally
- Career growth and learning opportunities in facade engineering, architecture, and design

This is a great opportunity for a motivated professional to gain valuable experience in a specialised industry.
