

D2D Ltd

Your Tire Experts

September 2025

The Company

D2D Ltd is a leading company in the tire business specializing in supplying tires to large fleets and the main distribution and logistics operations in Cyprus. They import a large variety of brands covering the Premium, Economy and Budget segments.

More details of the extensive portfolio can be seen on the www.d2d.com.cy

D2D utilize latest technologies, it is a paperless company and with a high degree of efficiency throughout its operation. Efficient warehouse management system.

The Vacancy

D2D are seeking to fill the position of Professional Tire Dept Manager and require to employ a graduate with engineering or automotive background.

A vast database of fleet vehicles exists with cost per kilometre data. This data base is updated and reports are prepared on tire wear, vehicle suspension problems, tire inflation and the effects on tire wear and fleet costs variances.

Previous knowledge of the job is not required as the system is already set up, but advice can be helpful in using more up to date methods and latest equipment.

Working Environment

Modern offices with state-of-the-art equipment, located near the General Hospital roundabout. Pleasant working conditions and friendly colleagues.

Applications
