## Save the date

# XXXII<sup>nd</sup> Global ISSA Construction Conference

2 to 3 July 2026

Carob Mill, Vasilissis Street, Limassol, Cyprus

With a keynote contribution from Dr. Mohammed Azman, President of ISSA - a leading voice in global social security.

The future of construction is being shaped today - through technological innovations, a proactive safety culture, and a shared commitment to sustainability.

The International Section of the ISSA on Prevention in the Construction Industry (ISSA Construction) is pleased to inform you about the XXXII<sup>nd</sup> Global ISSA Construction Conference *"From Risk to Resilience: Achieving Vision Zero with AI and Sustainable Construction"* which will take place from 2 to 3 July 2026 in the captivating Mediterranean city of Limassol, Cyprus.

This high-level International Conference brings together experts, researchers, and stakeholders shaping the future of construction safety and occupational health.

### Key Topics are:

- Occupational Safety and Health (OSH) in construction
- Vision Zero - The global movement
- Sustainability in the construction environment
- Artificial Intelligence in the construction sector
