

INVITATION

IEE EPISCOPE

Workshop and 3rd National Advisory Group Meeting

PAVING THE WAY FOR ENERGY EFFICIENCY AND NEARLY ZERO ENERGY BUILDINGS IN THE CYPRUS HOUSING SECTOR

The Scientific Coordinator Prof. Despina Serghides invites you to the EPISCOPE (Energy Performance Indicator Tracking Schemes for the Continuous Optimisation of Refurbishment Processes in European Housing Stocks) project Workshop and final National Advisory Group meeting, on "PAVING THE WAY FOR ENERGY EFFICIENCY AND NZEB IN THE CYPRUS HOUSING SECTOR". The Workshop will be organised by the Cyprus University of Technology, in cooperation with the Cyprus Institute and will be held on the 7th of March 2016 at the premises of the Cyprus Institute in Nicosia.

During the Workshop the most significant outcomes of the EPISCOPE Project will be presented and a brief tutorial on the energy performance evaluation software TABULA.xls, which was developed and used for the Project, will be given.

Architects, engineers, technicians and other related stakeholders, involved in the energy performance legislation, the energy efficiency and refurbishment of the housing stock, as well as the energy certification, will profit greatly from attending the Workshop. The intention is to pave the way for discussions on crucial issues concerning the future of the energy efficiency of the housing sector in Cyprus.

The Workshop will be open to all, with no admission fee, as it is organised in the context of the EPISCOPE Project and is co-funded by the Intelligent Energy Europe Programme of the European Union.

The address of the Cyprus Institute where the training will take place is:
Athalassa Campus, 20 Konstantinou Kavafi Street, 2121 Aglantzia, Nicosia, Cyprus.
