About this Workshop

FIDIC Module 3, 25 & 26 April 2018

This special two-day event has been designed to provide an up-to-date and in-depth knowledge of the principles, framework and workings of Dispute Adjudication Boards in the FIDIC 1999 Contracts & the application of Dispute Board rules and procedures.

This workshop clearly explains the procedures and application of the Dispute Adjudication requirements under these FIDIC 1999 contracts, providing a comprehensive understanding of DAB processes and procedures, together with indepth practical knowledge and problem solving scenarios.

This FIDIC Contracts Module 3 DAB Workshop programme has been designed to be highly practical and includes active participation in 'hands-on' workshops and discussion sessions. The workshop leaders are highly qualified in their experience of DABs and the FIDIC Contracts. The language of the workshop is English.

The International Federation of Consulting Engineers (FIDIC) has, over the years, issued a number of standard documents for use on construction projects.

The contracts which are currently in most common use around the world are:

1. The Conditions of Contract for Construction (The 1999 Red Book)
2. The Conditions of contract for Plant and Design-Build (The 1999 Yellow Book)
3. The Conditions of Contract for EPC Turnkey Projects (The 1999 Silver Book)
